

Stage 1, Bay 8

The way folks treat each other up at the capitol is just too uncivil these days. Golly, such lack of respect just won't be tolerated as we head into the Christmas holidays!

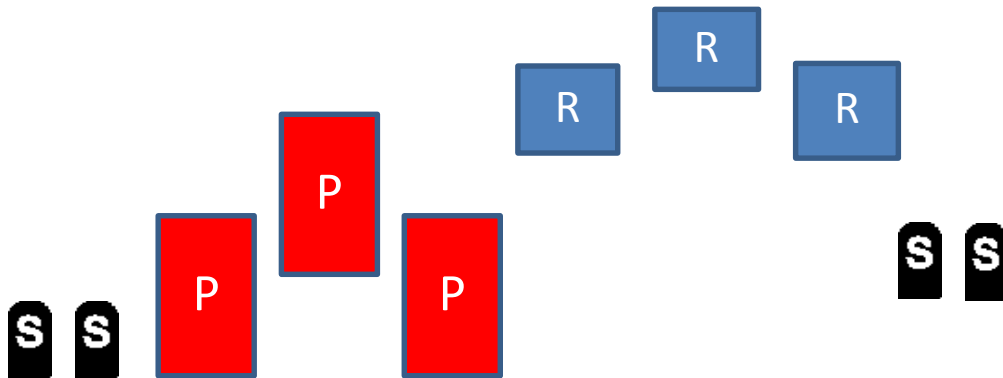

Round Count: Rifle: 10, Pistols: 10, Shotgun: 4+

Staging: Pistols holstered, rifle and shotgun staged on table. Start standing behind table shaking one of your fists in the air.

Line: R E S P E C T, that's just how things ought to be!

ATB: With first pistol, engage the pistol targets in a 1-1-3 sweep starting from either end. With second pistol engage the pistol targets in a 3-1-1 sweep starting from the same end. With rifle, engage the rifle targets per pistol instructions. With shotgun knock down the shotgun targets in any order. Guns may be shot in any order, except rifle may not be shot last.

Stage 2, Bay 8

It's bad enough that a gang of outlaws robbed the town bank last month and made off with everyone's hard earned savings, but darned if these ruffians haven't come back and now they're robbing the church's charity food bank!

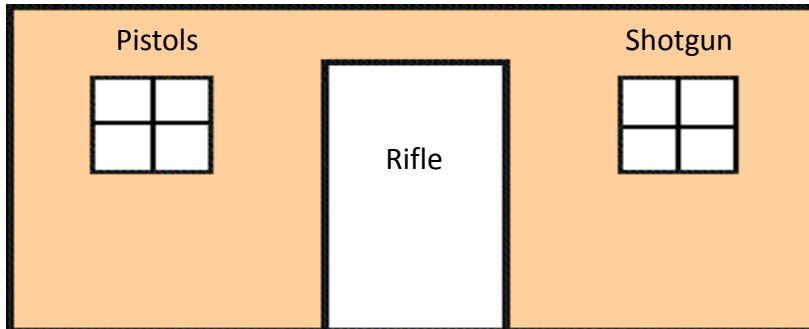

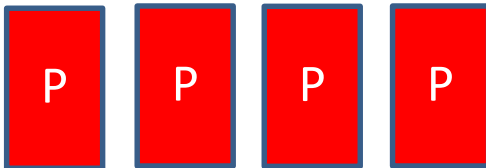

Round Count: Rifle: 10, Pistols: 10, Shotgun: 4+

Staging: Pistols holstered, rifle staged on table. Start standing behind table with shotgun and two shells in hand.

Line: Charity begins at home!

ATB: With shotgun knock down any two shotgun targets. Then with pistols place at least 3 rounds on each pistol target and with rifle place at least 3 rounds on each rifle target. Next, with shotgun knock down the remaining two shotgun targets.

Stage 3, Bay 7

You always enjoy the tasty home-baked treats that people bring over during the Holidays, but those brownies your cousin from Colorado gave you are definitely your new favorite. You'd thought about leaving one out with a glass of milk for Santa, but they're definitely not going to last 'til Christmas eve!

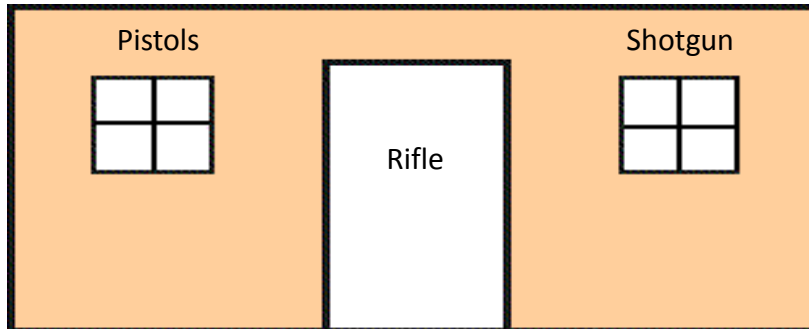

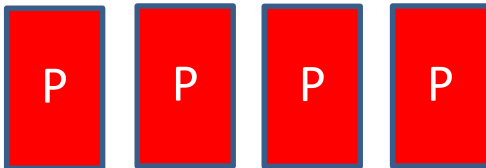

Round Count: Rifle: 10, Pistols: 10, Shotgun: 4+

Staging: Pistols holstered, rifle staged on table in doorway, shotgun on table in right window. Start behind window of choice, holding an empty plate.

Line: I've just got to get the recipe!

ATB: Put plate on window table. If starting in left window, with pistols, place 3 rounds on each of the inside targets and then 2 rounds on each of the outside targets. Move to doorway, and with rifle engage the rifle targets per the pistol instructions. Move to the right window and with shotgun knock down the shotgun targets in any order.

Stage 4, Bay 7

You enjoy hearing nice music, and it's even nicer when it's brought right to your door. However, while you'd always appreciated the sound of Christmas carolers, not a one is on key out there tonight!

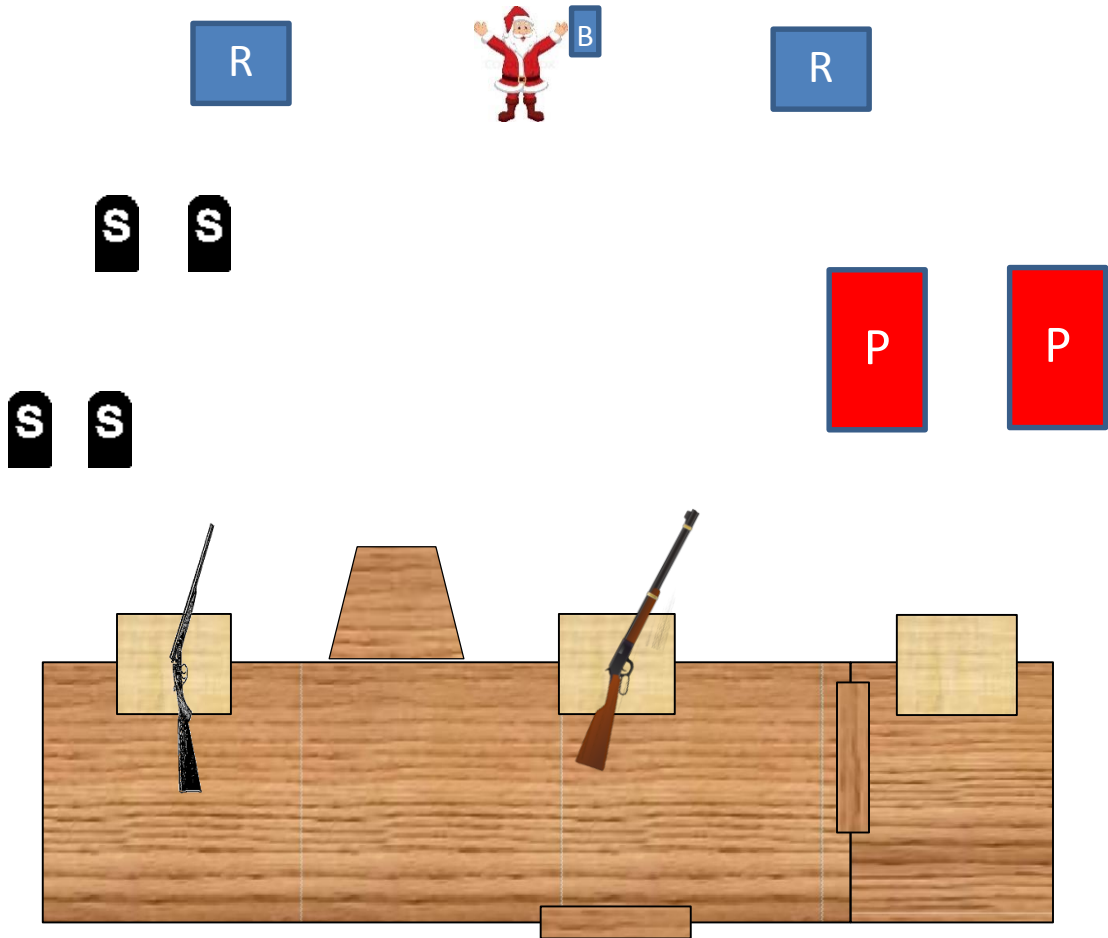

Round Count: Rifle: 10, Pistols: 10, Shotgun: 4+

Staging: Pistols holstered, rifle staged on table in doorway, shotgun on table in right window. Start behind either window, hands in position of choice.

Line: Please just put a stocking in it!

ATB: If starting in left window, with pistols, starting on either end target, engage the pistol targets in a regressive sweep (i.e. 4-3-2-1). Move to doorway, and with rifle engage the rifle targets per the pistol instructions. Move to the right window and with shotgun knock down the shotgun targets in any order.

Stage 5, Bay 6

With his elves going out on strike for a health care plan, Santa has been under a lot of stress and has been hitting the spirits too heavy for his own good. If someone doesn't do something quick, the children around the world may not find anything under their trees this Christmas!

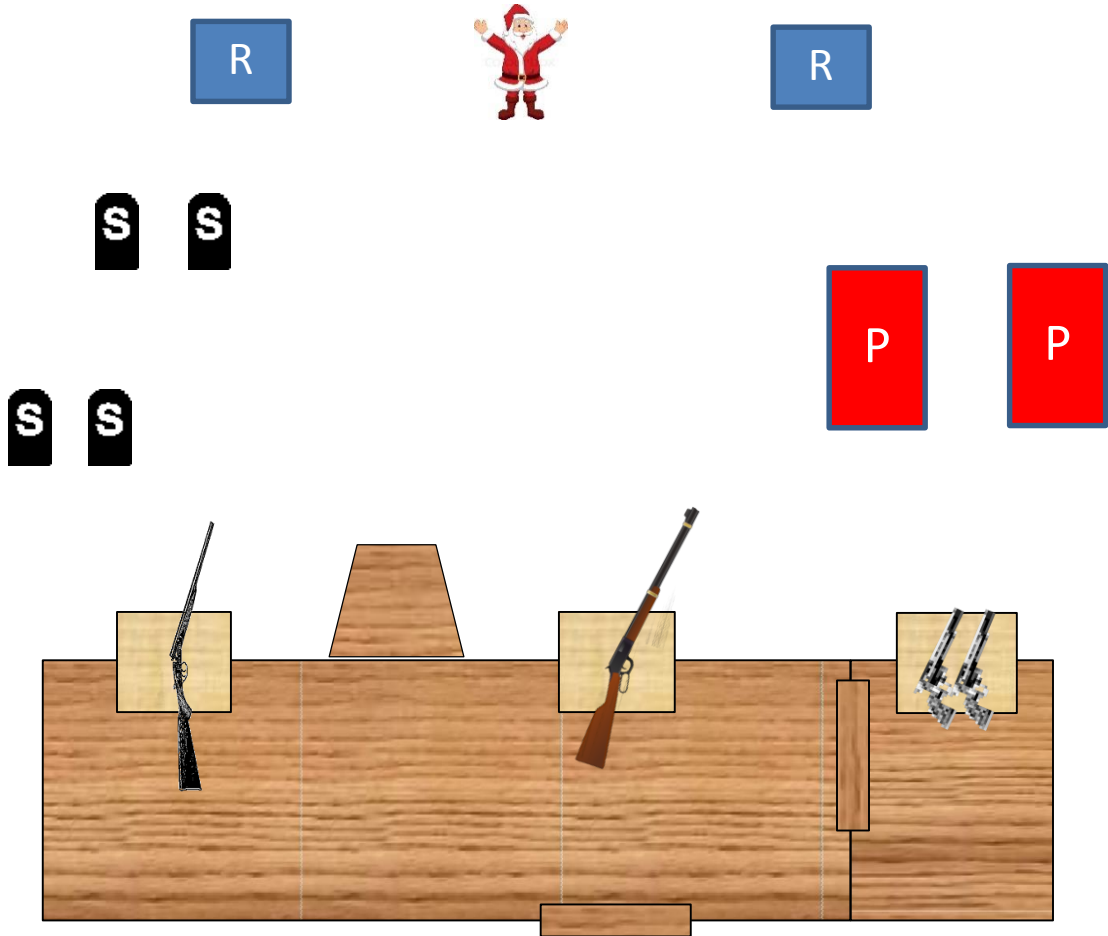

Round Count: Rifle: 10+1, Pistols: 10, Shotgun: 4+

Staging: Rifle staged on the right table, shotgun staged on left table, pistols are holstered. Start standing behind either left table or table in jail, one hand pointing at Santa.

Line: It's for your own good, Santa!

ATB: If starting at left table, with the shotgun knock down the near two shotgun targets, then knock down the far two shotgun targets. Move to right table, and with rifle place five rounds on each rifle target, then reload and place one round on Santa's "bottle" for a 10 second bonus. Move to jail cell and with pistols place five rounds on each pistol target.

Stage 6, Bay 6

You've been really good all year, and it wasn't easy to say the least. But Santa hadn't been paying attention, and you were just informed by North Pole sources that you'd been put on his naughty list despite all your self-restraint. Well, you're not gonna stand for it!

Round Count: Rifle: 10, Pistols: 10, Shotgun: 4+

Staging: Rifle staged on the right table, shotgun staged on left table, pistols staged on table in jail cell. Start standing behind right table hands touching (but not holding) rifle.

Line: That's just not right, Santa!

ATB: With the rifle place one round on Santa, then place two rounds on each rifle target; repeat. Move to either left table or table in jail cell. With shotgun knock down the four shotgun targets. With pistols engage the pistol targets by alternating between the two pistol targets with double taps. If pistols are not shot last, they may be placed back on table or holstered.
