Dear Club Members:

It is my pleasure to announce that I will be acting as the club's contact for the Nosler bullet program. James Wells and myself have been working with the Nosler Bullet company for several months and are able to bring to you a truly cost savings on bulk match bullets, brass, loaded ammunition.

The agreement we have with Nosler will allow any club member purchase match brass, bullets and loaded ammunition at a significant discount. Our orders can only be placed as a group, and because this effort takes up a significant amount of time we will take and place orders on a qtr basis.

I will be taking orders through the February 2012 club meeting. The Order Date is set for February 24. Our order will go into Nosler with product distribution during the March club meeting. We do have a minimum order total to place the order. If we do not meet the minimum order value I will hold off placing the order until we reach the required minimum. The Bullseye will keep you up to date on the status of the order.

Nosler has asked that we do not post the club pricing on our web site. I see no problem with that request. ***I will email any club member an order sheet and price list.*** just give me a call or drop me an email at the noted email address above and I will get the pricelist and order form to you.

I have had a few members ask when we will be putting together a new bullet order, I am happy to coordinate this effort a few times a year. With the holidays upon us I am happy to collect orders but will not look to place any orders prior to the Monday after our February club meeting. This will give members time to determine what they need in the way of bullets for the first half of 2012.

I will need the following information on all orders:

Name, Phone Number, Address,

Nosler order number, No. of units, total price.

**Make checks payable to Palmetto Gun Club**

Please feel free to contact me with any questions regarding this program.

Safe shooting to all,

**Bob Wills** Cell - 843-906-5929 Home – 843-225-7726
